

EASY TO OWN. READY TO WORK.

THAT'S A CVA

Your Customer Value Agreement is a hassle free plan to keep your equipment well maintained.

DO IT YOURSELF

- Let us deliver your maintenance parts to you on time as needed. We will monitor the hours on your equipment and ship the parts prior to the service due date.
- Make fewer tedious parts runs — the right parts delivered on time to the right location.
- Get better engine performance by using the right parts for the systems design.

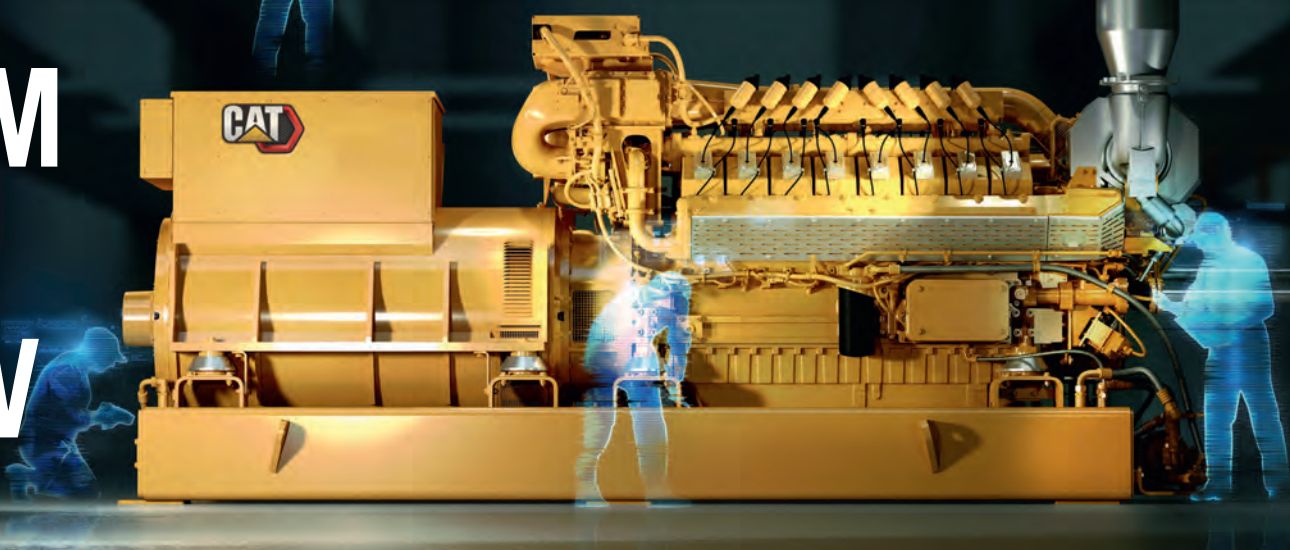

WE DO IT FOR YOU

- Too busy to do oil changes yourself? Let us take the burden off of you with our highly trained technicians. We will monitor your equipment hours and schedule the service with you as needed. We will also perform an engine inspection.
- Keep skilled operators on the job by leveraging Cat dealer maintenance.
- Manage busy work periods or staffing shortages with flexible dealer maintenance.

NC POWER SYSTEMS

RAM & RFV

Connect your equipment with N C Power Systems on your schedule, 24/7, with Cat Remote Asset Monitoring and Remote Fleet Vision. Using a smart device, you can access data from all of your connected assets, improve utilization and productivity, and control costs.

WHAT CAN YOU DO WITH THE APPS?

- Connect with N C Power Systems
- Track hours, location, fuel use, health & utilization
- View health & maintenance alerts
- Manage planned maintenance
- Access operation and maintenance manuals
- Request parts or service
- Access data history
- Create & share tasks
