OUR COMMITMENT TO YOU

EQUIPMENT

We carry the highest quality equipment for all your rental needs. That's everything from pumps and rammers to excavators and boom lifts. We also offer the newest fleet in the industry and all at prices to fit your budget. Renting from us means you'll have the best equipment for the job, so you can save time and money.

PEOPLE

With T&E you get an experienced staff with the equipment knowledge to help you get the job done right. Our personnel take the time to help you determine what machine and attachments will fit your particular job requirements. If ever a piece of equipment doesn't come through, our people will be there to fix it. We dispatch on-site service trucks or simply send a replacement machine should any issue ever arise.

OPTIONS

The equipment we rent is also available for sale, lease or rent-to-own options. You can count on us when you need equipment, because we'll find the solution that works for your business. Our huge selection of equipment is well-maintained, with low hours, competitive prices, & attractive financing options.

READY WITH SOLUTIONS
