

## Domestic Violence 101

Eradicating abuse starts with knowing how to identify signs of abusive behavior. This portion of the training prepares participants to safely and carefully offer assistance to colleagues and peers we suspect might be living through violence.

## Labor Trafficking

Understanding the macro psychological systems of trafficking, participants taking the SAFE pledge will learn to avoid subtle but damaging compromises of workplace freedom and empowerment.

## Best Policy Practices

Through discussion and case studies participants taking the SAFE pledge will arrive at best practices and action steps for ensuring a supportive and abuse-free workplace.

## On Going Support

Continue the mission to stop abuse for everyone with everyone as you join our corporate support group to receive live case studies and resources to share with colleagues as you collaborate with organizations who have taken the SAFE Pledge.
