- 1. INFORMATION WE COLLECT**

When you use the Sites, we, or Service Providers acting on our behalf, may collect your Personally Identifiable Information (defined herein). This generally happens in one of three ways—you provide us with information, we collect information through automated methods, or we collect information from other sources. There are some situations in which it is necessary for us to collect your Personally Identifiable Information in order to provide a service to you or to meet legal requirements.

A. Information about You that You Provide. You may share certain information when you interact with the Cox First Media Network and/or its Service Providers (defined below). For example, Cox First Media Network collects information when you use or post on the Sites, participate in promotional activities, purchase products or services, provide feedback, or request information from or communicate with Cox First Media Network. We may also ask for your information for special reasons, such as for research or in surveys. In addition, when you interact with Third-Party Services (defined below), you may be able to provide information to those third parties. For more information on Third-Party Services' data collection and practices see Section 4. For more information on Service Provider data collection and practices see Section 3.

Information Cox First Media Network, its Service Providers and/or Third-Party Services collect may include: (1) personal information, which is information that identifies you personally, such as your first and last name, e-mail address, phone number, address, and full payment account number (“**Personally Identifiable Information**” or “**PII**”); and (2) non-Personally Identifiable Information (“**non-PII**”) (i.e., data that is not Personally Identifiable Information under this Privacy Policy), including demographic information, such as your gender, age, zip code, interests, and recent and upcoming purchases (“**Demographic Information**”) and “**Deidentified**” information (i.e., data where the personally identifiable elements have been modified or removed, or where personally identifiable elements of the data have been rendered non-personally identifiable elements through anonymization, pseudonymization, and/or hashing). Except to the extent required by applicable law, Demographic Information is non-PII. In addition, PII, including, without limitation, Cox First Media Network-Collected PII (defined below), once Deidentified, is also non-PII and may be used and shared without obligation to you, except as prohibited by applicable law. However, we do not make assurances that Deidentified data is not capable of re-identification. To the extent any non-PII, or PII collected outside of the Sites, is combined with PII Cox First Media Network collects directly from you on any Sites (“**Cox First Media Network-Collected PII**”), Cox First Media Network will treat the combined data as Cox First Media Network-Collected PII under this Privacy Policy.

B. Information Collected Automatically. When you use the Sites, our technology, or that of our Service Providers and/or Third-Party Services, Cox First Media Network has the ability to automatically collect certain types of information about you (“**Usage Information**”). Usage Information may include IP address, device identifier, browser type, operating system, information about your use of the Sites, and data regarding network connected hardware (e.g., computer or mobile device). Except to the extent required by applicable law, or to the extent Usage Information is combined by or on behalf of Cox First Media Network with Cox First Media Network-Collected PII, Cox First Media Network does not consider Usage Information (including, without limitation, unique device identifiers) to be PII or Cox First Media Network-Collected PII. For more information on Third-Party Services' data collection and practices see Section 4. For more information on Service Provider data collection and practices see Section 3. For information on choices some of these third parties may offer you regarding automated data collection see Section 9.

The methods that may be used on the Sites to collect Usage Information include:

- **Internet usage information:** Internet usage information is data about your use of the Sites, such as IP address, browser type, Internet service provider, device identifiers, device advertising identifiers, mobile network, operating system details, date/time stamps, language preferences, referring URLs, length of visits, anonymous traffic data, pages viewed, browsing history, search history, information regarding interactions with our website or advertisements, and related data.
- **Information Collected by Cookies and Other Tracking Technologies: Cookies, Web Beacons (also known as “tracking pixels”), Embedded Scripts, Location-Identifying Technologies, Device Recognition Technologies, Recording and Tracking Interactions and Usage,** and other tracking technologies currently in use or to be developed in the future (“**Tracking Technologies**”) may be used to collect information about interactions with the Sites or e-mails, including information about your browsing behavior
 - **Cookies.** A cookie is a small text file that is stored on a user’s device for record-keeping purposes. Cookie types that are used on the Sites include session ID cookies or tracking cookies. Session ID cookies make it easier for you to navigate the Sites and expire when you close your browser. Tracking cookies remain longer and help in understanding how you use the Sites and enhance your user experience. Cookies may remain on your hard drive for an extended period of time. If you use your browser’s method of blocking or removing cookies, some but not all types of cookies may be deleted and/or blocked and as a result some features, and functionalities of the Sites may not work. HTML5 cookies can be programmed through HTML5 local storage. HTML5 cookies are locally stored on your device other than in the browser and browser settings will not control them. The Sites may associate some or all of these types of cookies with your devices.
 - **Web Beacons (“Tracking Pixels”).** Web beacons are small graphic images, also known as “Internet tags” or “clear gifs,” embedded in web pages and e-mail messages. Web beacons may be used, without limitation, to count the number of visitors to the Sites, to monitor how users navigate the Sites, and to count content views.
 - **Embedded Scripts.** An embedded script is programming code designed to collect information about your interactions with the Sites. It is temporarily downloaded onto your computer from Cox First Media Network’s web server, or from a third party with which Cox First Media Network works and is active only while you are connected to the Sites and deleted or deactivated thereafter.
 - **Location-identifying Technologies.** GPS (global positioning systems) software, geo-filtering, geo-targeting, geo-fencing, and other location-aware technologies locate you (sometimes precisely), or make assumptions about your location, for purposes such as verifying your location and delivering or restricting content based on your location. If you have enabled GPS or use other location-based features on the Sites, your device location may be tracked by us and third parties. The “find all locations” feature offered within our Sites, for example, may access and use information about your device location (such as based on IP address or GPS, as applicable). Additionally, some of the Sites use information you enter to offer location-based recommendations and the Sites’ content may be personalized based on various information we may have about you to try to provide you with more location-relevant content.
 - **Device Recognition Technologies.** Technologies, including application of statistical probability to data sets, as well as linking a common unique identifier to different device use (*e.g.*, Facebook ID), which attempt to recognize or make assumptions about users and devices (*e.g.*, that a user of multiple devices is the same user or household) (“**Cross-device Data**”).
 - **Recording and Tracking Interactions and Usage.** Technologies that monitor, and may record, certain of your interactions with the Sites and/or collect and analyze information from your device, such as, without limitation, your operating system, plug-ins, system fonts, and other data, for purposes such as identification, security, fraud prevention, troubleshooting, tracking and/or improving the Sites and customizing or optimizing your experience on the Sites.

Some information about your use of the Sites and certain third-party services may be collected using Tracking Technologies across time and services and used by Cox First Media Network and third parties for purposes such as to associate different devices you use and deliver relevant ads and/or other content to you on the Sites and certain third-party services. See Section 9 regarding certain choices regarding these activities. Cox First Media Network is giving you notice of the Tracking Technologies and your choices regarding them explained in Section 9 so that your consent to encountering them is meaningfully informed.

C. Information Cox First Media Network Collects from Other Sources. Cox First Media Network may also obtain information about you from other sources, including Service Providers and Third-Party Services, and combine that with Cox First Media Network-Collected PII. Notwithstanding anything to the contrary, except to the extent such data is combined by or on behalf of Cox First Media Network with Cox First Media Network-Collected PII, this Privacy Policy is not intended to limit Cox First Media Network's activities regarding such third-party-sourced information (including PII), and such data will only be treated as Cox First Media Network-Collected PII to the extent it is combined with Cox First Media Network-Collected PII. Cox First Media Network is not responsible or liable for the accuracy of the information provided by third parties or for third party policies or practices.

2. HOW WE USE THE INFORMATION WE OBTAIN.

Cox First Media Network may use information about you, including Cox First Media Network-Collected PII and other PII, for any purposes not inconsistent with Cox First Media Network's statements under this Privacy Policy, or otherwise made by us in writing at the point of collection, and not prohibited by applicable law, including, without limitation, the following:

Without limiting the generality of the foregoing, we and third parties may convert your PII, including Cox First Media Network-Collected PII, to non-PII, including, without limitation, through hashing it or substituting a unique identifier for the PII and we and third parties may use and share that data as permitted by applicable law, including to match data attributes to and from other sources. Any such third-party activities are subject to their privacy policies and practices. Cox First Media Network's sharing of Cox First Media Network-Collected PII is, however, subject to the following:

- **Marketing:** Subject to your communications choices explained in Section 9.C, we may use your PII to send you marketing communications. Cox First Media Network will not share your Cox First Media Network-Collected PII with third parties, other than Affiliates, for their own direct marketing purposes, except in connection with Corporate Transactions (defined below).
- **Your Disclosure or Consent:** As more fully described in Section 4 (Third-Party Content, Third-Party Services, Social Features, Advertising and Analytics), your activities on the Sites may, by their nature, result in the sharing of your PI with third parties and by engaging in these activities you consent to the collection of your data by such third parties. Such third-party data receipt and collection is subject to the privacy and business practices of that third party, not Cox First Media Network.

Cox First Media Network may also share any information about you (including, without limitation, Cox First Media Network-Collected PII) for any purposes not inconsistent with this Privacy Policy, or our written statements at the point of collection, and otherwise not prohibited by applicable law, including, without limitation:

In addition, Cox First Media Network may share your Cox First Media Network-Collected PII (as well as your other PII and your non-PII), in connection with or during negotiations of any proposed or actual financing of our business, or merger, purchase, sale, joint venture, or any other type of acquisition or business combination of all or any portion of Cox First Media Network assets, or transfer of all or a portion of Cox First Media Network’s business to another company, whether as a going concern or as part of bankruptcy, liquidation, or similar proceeding (“**Corporate Transactions**”).

4. THIRD-PARTY CONTENT, THIRD-PARTY SERVICES, SOCIAL FEATURES, ADVERTISING AND ANALYTICS.

The Sites may include hyperlinks to websites, locations, platforms, applications or services operated by third parties (“**Third-Party Service(s)**”). These Third-Party Services may use their own cookies, web beacons, and other Tracking Technology to independently collect information about you and may solicit PII from you.

Cox First Media Network may use Google Analytics or other Service Providers for analytics services. These analytics services may use cookies and other Tracking Technologies to help Cox First Media Network analyze how users interact with the Sites. Information generated by these services (e.g., your IP address and other Usage Information) may be transmitted to and stored by these Service Providers on servers in the U.S. (or elsewhere) and these Service Providers may use this information for purposes

such as evaluating your use of the Sites, compiling statistic reports on the Sites' activity, and providing other services relating to the Sites activity and other Internet usage.

Cox First Media Network may serve ads tailored to your interests based on your browsing of the Sites and elsewhere on the Internet. Such activities by Cox First Media may include use of precise location and/or Cross-device Data, sometimes referred to as "interest-based advertising" and "online behavioral advertising" ("**Online Interest-based Advertising**"), which may include sending you an ad on a third-party service after you have left the Sites (i.e., "retargeting").

In addition, we may serve ads on third-party services that are targeted to reach people on those services that are also identified on one of more of our databases ("**Matched List Ads**"). This is done by using Tracking Technologies or by matching common factors between our databases and the databases of the third-party services. For instance, we may use such ad services offered by Facebook or Twitter and other Third-Party Services. We are not responsible for these Third-Party Services, including without limitation their security of the data. If we use Facebook to serve Matched List Ads on Facebook services, you should be able to hover over the box in the right corner of such a Facebook ad, or go to your account settings, and find out what options Facebook offers you to control such ads. If we use Twitter Matched List Ads, you should be able to review your ad options in account settings on Twitter.

We are not responsible for such third parties' failure to comply with your or our opt-out instructions, they may not give us notice of opt-outs to our ads that you give to them, and they may change their options without notice to us or you.

Cox First Media Network is not responsible for, and makes no representations regarding, the policies or business practices of any third parties, including, without limitation, analytics Service Providers and Third-Party Services associated with the Sites, and encourages you to familiarize yourself with and consult their privacy policies and terms of use. See Section 9 for more on certain choices offered by some third parties regarding their data collection and use, including regarding Online Interest-based Advertising and analytics.

To help protect you and others, Cox First Media Network and its Service Providers may (but make no commitment to) monitor use of the Sites, and may collect and use related information including Cox First Media Network-Collected PII to, without limitation, identify fraudulent activities and transactions; prevent abuse of, and investigate and/or seek prosecution for, any potential threats to or misuse of the Sites; ensure compliance with the [Terms of Use](#) and this Privacy Policy; investigate violations of or enforce these documents; improve the Sites and your Sites experiences, and to protect the rights and property of Cox First Media Network, third parties, and other users. Further, we reserve the right to retain data (a) as required by applicable law; and (b) for so long as reasonably necessary to fulfill the purposes for which the data is retained except to the extent prohibited by applicable law.

9. CHOICES: TRACKING AND COMMUNICATIONS OPTIONS.

A. Tracking Technologies Generally. Regular cookies may generally be disabled or removed by tools available as part of most commercial browsers, and in some instances blocked in the future by selecting certain settings. Browsers offer different functionalities and options, so you may need to set them separately. Also, tools from commercial browsers may not be effective with regard to HTML 5 cookies or other Tracking Technologies. Please be aware that if you disable or remove these

technologies, some parts of the Sites may not work and that when you revisit the Sites your ability to limit browser-based Tracking Technologies is subject to your browser settings and limitations.

Your browser settings may allow you to automatically transmit a “Do Not Track” signal to online services you visit. Like many online services, Cox First Media Network currently does not alter Cox First Media Network’s practices when Cox First Media Network receives a “Do Not Track” signal from a visitor’s browser. To find out more about “Do Not Track,” you can visit <http://www.allaboutdnt.com>, but Cox First Media Network is not responsible for the completeness or accuracy of this third-party information.

Some third parties, however, may offer you choices regarding their Tracking Technologies. One way to potentially identify cookies on a website is to add the free Ghostery plug-in to your browser (<http://www.ghostery.com>), which according to Ghostery will display for you traditional, browser-based cookies associated with the websites (but not mobile apps) you visit and privacy and opt-out policies and options of the parties operating those cookies. Cox First Media Network is not responsible for the completeness or accuracy of this tool or third-party choice notices or mechanisms. For specific information on some of the choice options offered by third-party analytics and advertising providers, see the next section. We may offer tools in connection with the Sites that allow you to exercise certain preferences regarding cookies and other Tracking Technologies associated with the Sites.

B. Analytics and Advertising Tracking Technologies. You may exercise choices regarding the use of cookies from Google Analytics by going to <https://tools.google.com/dlpage/gaoptout> or downloading the Google Analytics Opt-out Browser Add-on. You may opt out of Facebook Custom Audience by logging into your Facebook account and changing your privacy or advertising settings as per Facebook’s opt-out instructions. You may also use your Facebook account settings to unlink your Facebook account from the Site.

For the Sites, you may choose whether to receive some Online Interest-based Advertising by submitting opt-outs. Some of the advertisers and Service Providers that perform advertising-related services for us related to the Sites and third parties may participate in the Digital Advertising Alliance’s (“DAA”) Self-Regulatory Program for Online Behavioral Advertising. To learn more about how you can exercise certain choices regarding Online Interest-based Advertising, including use of Cross-device Data for serving ads, visit <http://www.aboutads.info/choices/>. Some of these companies may also be members of the Network Advertising Initiative (“NAI”). To learn more about the NAI and your opt-out options, see <http://www.networkadvertising.org/choices/>. Please be aware that, even if you are able to opt out of certain kinds of Online Interest-based Advertising, you may continue to receive other types of ads. Opting out only means that those selected members should no longer deliver certain Online Interest-based Advertising to you but does not mean you will no longer receive any targeted content and/or ads (e.g., from other ad networks). Also, if your browsers are configured to reject cookies when you visit these opt-out webpages, or you subsequently erase your cookies, use a different device or web browser or use a non-browser-based method of access (e.g., mobile app), your NAI / DAA browser-based opt-out may not, or may no longer, be effective. Cox First Media Network supports the ad industry’s [Self-regulatory Principles for Online Behavioral Advertising](#) and expects that ad networks Cox First Media Network directly engages to serve you Online Interest-based Advertising will do so as well, though Cox First Media Network cannot guaranty their compliance. Cox First Media Network is not responsible for the effectiveness of, or compliance with, any third-parties’ opt-out options or programs or the accuracy of their statements regarding their programs.

C. Communications. You can opt out of receiving certain promotional communications (emails) from Cox First Media Network at any time by, for promotional e-mails, following the instructions provided in emails to click on the unsubscribe link. Please note that your opt-out is limited to the e-mail address used and will not affect subsequent subscriptions. If you opt-out of only certain communications, other subscription communications may continue. If you would like to completely deactivate your account, please contact us at coxfirstmediaprivacy@coxinc.com. Please note, however, that if you deactivate your account, you will not receive any newsletters from us, and you will not be able to participate in any of our promotions. Even if you opt out of receiving promotional communications, Cox First Media Network may, subject to applicable law, continue to send you non-promotional communications, such as those about your account, transactions, servicing, Cox First Media Network's ongoing business relations, or communications related to administrative notices or any communications relevant to your use of the Sites, including communications in the event of a data security event.

D. Cross-Device Data. To learn more about how you can exercise certain choices regarding Cross-device data for Online Interest-based Advertising, see the prior section regarding the DAA's Online Interest-based Advertising choices.

E. California Residents. At this time, Cox First Media Network does not have "established business relationships" with "customers" as those terms are defined in California's "Shine the Light" law. California residents may contact us for further information regarding our privacy practices or their rights under the California Consumer Privacy Act by emailing coxfirstmediaprivacy@coxinc.com.

F. Nevada Residents. Although we do not "sell" "covered information" of Nevada "consumers" as those terms are defined by Chapter 603A of the Nevada Revised Statutes, you may contact us at coxfirstmediaprivacy@coxinc.com and register for us to provide you notice in the event we change our practices in the future. If we do, you will have an opportunity to be verified and exercise your opt-out rights. Changing your email elsewhere (e.g., informational requests, account information, etc.) will not update your Nevada contact information.

10. CHANGES TO THIS ONLINE PRIVACY POLICY.

We reserve the right to change this Privacy Policy prospectively effective upon the posting of the revised Privacy Policy and your use of the Sites indicates your consent to the privacy policy posted at the time of use. You are responsible for periodically visiting the Sites and reviewing this Privacy Policy to check for any changes. However, we will not treat your previously collected Cox First Media Network-Collected PII, to the extent it is not collected under the new privacy policy, in a manner materially different than represented at the time it was collected without your consent. To the extent any provision of this Privacy Policy is found by a competent tribunal to be invalid or unenforceable, such provision shall be severed to the extent necessary for the remainder to be valid and enforceable.
